GUEST OF THE KING OF ITALY

Roosevelt Attends Grand Dinner at the Palace.

DIRECTED ALL ARRANGEMENTS

Queen Helena Desired That No Detail Should Be Neglected—Comment of the Italian Newspapers on Colonel Roosevelt's Cancelled Audience With the Pope Not Favorable to the Vatican—Will Augment Roosevelt's Popularity in America.

Rome, April 5.—Twice during the day Theodore Roosevelt was the guest of King Victor Emmanuel. The king received the former president at an early hour at the Quirinal with particular warmth, and they talked together for nearly an hour. In the evening there was a grand dinner at the palace given by the king and queen in honor of Colonel Roosevelt and his family. Great preparations had been going on for this event, and the queen herself directed all the arrangements, desiring that no detail should be neglected. At dinner Colonel Roosevelt sat at the queen's right. Ambassador Leishman's lunch to Mr. Roosevelt included as guests Premier Luzzatti, Marquis De San Giuliano, minister of foreign affairs; Mayor Nathan, Count Giannotti, Signor Bolatti, a director general of foreign office; the members of the American embassy and several Americans, including John G. Coolidge of Boston, former minister to Nicaragua.

After the luncheon Mr. Roosevelt received Dr. Carlos Manuel Cespedes, Cuban minister, who presented a message of greeting from the Cuban government.

He also received Dr. Walling Clark, head of the Methodist organization in Italy, and Rev. B. M. Tipple, pastor of the American Methodist church in Rome.

Mr. Roosevelt's mail is enormous. He says with the best intentions it is impossible to answer the hundreds of communications he is receiving.

Commenting on Mr. Roosevelt's cancelled audience with the pope, the Giornale d'Italia, the organ of former Premier Sonnino, says that the incident between the Spanish papal secretary of state and the former colonel of the Rough Riders, who became so popular in the war against Spain, demonstrates that Cardinal Merry del Val's permanence in the Borgia apartment will not augment the cordiality between the Vatican and the United States.

Maintained Decorous Dignity.

The Republican paper Ragione says that what happened shows the narrowness of mind of the papal secretary of state, while Mr. Roosevelt admirably maintained a decorous dignity.

"The rudeness of Vatican diplomacy," the paper says, "will augment his popularity among the American people."

The whole Vatican press takes as a basis for comment the statement which appeared in the Osservatore Romano, the official organ of the Vatican, which explained that the Vatican could not risk a repetition of the Fairbanks incident, "it being known to all Romans and foreigners," the paper continues, "what the Methodist church here is. It is the center of all hostility against the spiritual power of the supreme pontiff in his own seat, a center from which radiates all encouragement, material and moral support of a propaganda in Rome favoring apostasy."

"There was not, therefore, any offense against Mr. Roosevelt's freedom of action and conscience," the paper continues, "as he could freely attend elsewhere to the duties of his religion. What was asked was only that Mr. Roosevelt abstain from placing the authority and prestige of his name at the service of the very institution which directs, by calumny and open rebellion, a disloyal war against the Catholic church in its own metropolis. Thus there was no imposition and no minimizing of anybody's liberty, but simply the accomplishment and the defense on the part of the supreme pontiff of the duties and rights strictly connected with his own spiritual power."

Mining on a Large Scale.

Deadwood, S. D., April 5.—The coming summer will see the mining of five new metals and minerals in the Black Hills on a large scale. They are tin, copper, asbestos, spodumene and mica. The last two have been mined more or less for some time, but preparations are being made by the Westinghouse company at Custer to increase the daily output of mica and, when the weather permits, larger shipments of spodumene will be made to Omaha.

The Storm Bird.

Dakota Indians say the storm bird dwells so high as to be out of human vision and carries a fresh water lake on his back, so that when he plumes himself it rains, when he winks his bright eyes it lightens and when he flaps his wings thunder rolls.

QUEEN HELENA.

Directed Arrangements for Dinner to the Roosevelts.

MCUMBER'S MAN BEATEN

Dr. Platou Elected Mayor of Valley City, N. D.

St. Paul, April 5.—Municipal elections were held in a few towns in Minnesota, North Dakota, Montana and Michigan. In the latter state prohibition of liquor traffic was a live issue in thirty-six counties, with the drys making gains.

The only election of national interest was that of Valley City, N. D., where Senator McCumber's candidate was last in a field of three.

At Litchfield, Minn., the hottest city election in years took place, the question of saloons licenses being the issue. The vets won by a majority of 47.

At the election in Valley City, N. D., Dr. L. S. Platou was elected mayor by a small majority. There were three candidates in the field—Dr. Platou, C. J. Lee and Hugh McDonald. The latter is a progressive Democrat and was popular, but he was backed by the stalwart Republicans, the McCumber faction, and which is generally believed caused his downfall. Platou is a progressive Democrat. The McCumber faction feels their defeat very keenly.

REPUBLICAN PARTY LEADERS WORRIED

Fear to Use Aldrich-Payne Tariff Bill as an Issue.

Washington, April 5.—What to do about the tariff as an issue is a problem that is worrying Republican national leaders. A few weeks ago they thought they had it settled. They had concluded that there was just one thing to do about the tariff—make it the issue in the impending campaign and stand or fall on the popular approval or disapproval of the Payne-Aldrich law.

The Republican congressional committee decided that this was the only course to be pursued and laid its plans to force the tariff issue aggressively. An educational campaign was outlined. The literature to be disseminated by the committee was to consist primarily of tariff arguments and the spellbinders to be sent out on the hustings were to be men who could present the tariff effectively from a Republican standpoint and they were constantly to dwell upon that issue.

Developments of the past week, however, have been such to raise a serious doubt in the minds of thoughtful party men as to whether it really would be wise to lay so much stress on the tariff as an issue. The result of the special congressional election in the Fourteenth Massachusetts district, where a Republican majority of 14,000 was changed into a Democratic majority of almost half that much, was a terrible jolt to the tariff champions. Eugene N. Foss, the successful Democratic candidate in that fight, insists that he won solely on the tariff issue.

Moreover, the Republican insurgents in the senate who voted against the Payne-Aldrich bill have made it known that they will reopen the tariff debate on the floor of the senate before the present session is permitted to adjourn.

Another feature of the situation that is discouraging to the regulars is the persistent report that President Taft takes anything but an optimistic view of the outlook. He is credited with the sentiment that a tariff law always defeats the party that enacts it and is said to be more than half convinced that the election of a Democratic majority in the next house is almost as certain as that an election will be held.

Mistakes Wife for Burglar.

Perth, Kan., April 5.—Believing his wife, who was walking the floor with her six-months-old child in her arms, was a burglar, June Vandevort, a farmer near here, shot and killed her. Vandevort fired a shotgun. The charge tore the woman's head from her body. The child was unhurt.

OBJECTED TO BY CUMMINS

Plan to Vote on Railroad Bill Next Saturday.

SAYS PROPOSITION IS A JOKE

Iowa Senator Declares That Two Week's Time Will Be Necessary for Consideration of the Measure and Amendments That Have Been Offered—Senator Bacon Sides With the Man From the Northwest.

Washington, April 5.—Declaring that no less than two weeks' time will be necessary to consider the amendments already offered to the railroad bill, Senator Cummins resisted the combined efforts of Senators Hale and Elkins to obtain an agreement to vote next Saturday on the bill. The Iowa senator not only objected to the proposition, but he pronounced it a joke.

Senator Bacon made evident that if no one else had objected he would do so. He contended that the managers of the bill were not justified in asking for an agreement looking to a vote until they are able to present a perfected bill.

Mr. Elkins brought up the question of a vote after the close of a speech by Senator Crawford advocating the amendment of the commerce court provision of the bill.

"I don't want to push senators," Mr. Elkins said, "but we all want to get away from here by June 15. I therefore urge that senators desiring to speak on the bill or amendments will prepare themselves to do so and give us an opportunity to vote."

Cummins Suggests Substitute.

Mr. Cummins regarded Mr. Elkins as not only amiable, but jocular. There were more than a hundred amendments to be considered, he said, and no less than a fortnight would be necessary for the duty alone. He suggested as a substitute an agreement that not less than three hours a day be devoted to the consideration of the bill and amendments until disposed of. Mr. Bacon would not consent.

"Senators say the bill has been here six weeks," he said. "It is not here yet. Amendments have been offered which none have seen, and we receive no assurance as to when the bill will be completed."

"The amendments are not of a kind that surprise senators," Mr. Hale responded.

"We don't know," Mr. Bacon replied, "we haven't seen them."

Mr. Cummins brought the discussion to an end by presenting an amendment striking out the provision authorizing the submission in advance of agreements to the court of commerce.

The senate then went into executive session and adjourned without further proceedings on the railroad bill.

Action was taken to insure prompt consideration of the railroad bill by the house. All of the parliamentary privileges were allowed to that measure that pertain to appropriation bills.

Under the terms of a resolution offered by Mr. Mann and adopted by the house the debate on the railroad bill will be limited to the subject matter of that measure.

NEW OLEOMARGARINE BILL

Introduced in the House by Congressman Goebel.

Washington, April 5.—Representative Goebel of Ohio presented an oleomargarine bill repealing all existing oleo laws, reducing the tax on oleo and establishing new regulations for its manufacture and sale. The bill is said to meet the approval of the secretary of the treasury, the department and the commissioner of internal revenues. The bill changes the name of oleomargarine to margarine. It classifies renovated butter and adulterated butter with margarine.

Adulterated butter is defined as that made by mixing, reworking or re-churning in milk or cream, refining, or in any way producing a uniform purified or improved product from different lots of melted or unmelted butter or butter fat through the addition of acid, alkali or chemical.

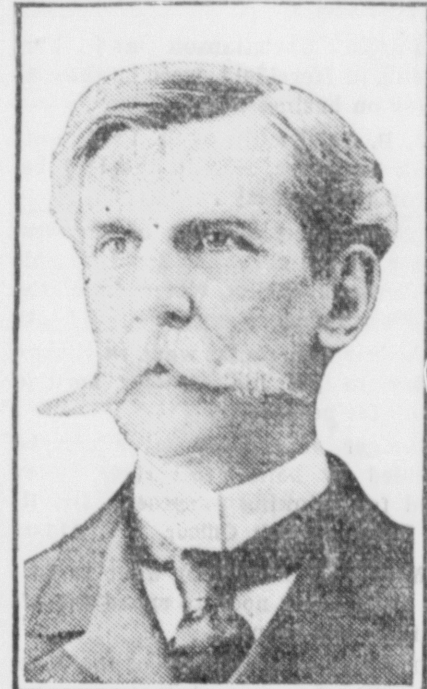

Renovated butter is that subjected to processes by which it is melted, clarified or refined and made to resemble genuine butter. Manufacturers of margarine are to pay a license of \$600 a year. Wholesalers, of those selling in quantities over 100 pounds, \$125 a year; retailers, who sell in quantities under 100 pounds, \$6 a year. Manufacturers must give bond of \$5,000 and file statements of the quantities of materials used.

May Ignore Tariff Law.

Indianapolis, April 5.—If the friends of United States Senator A. B. Beveridge have their way in the Republican state convention here no mention in the platform will be made of the Payne-Aldrich tariff law or of the county local option law, two questions that have caused party leaders deep concern during the past few days.

JUSTICE HOLMES.

Announces Decision of Supreme Court.

NEBRASKA LAW NOT VALID

Supreme Court Declares Railroad Statute Unconstitutional.

Washington, April 5.—Emphasizing the rights of railroads, the supreme court of the United States declared unconstitutional the law of Nebraska requiring railroads to build switches to all grain elevators along their tracks upon request, and called a halt on the attempt of the state of Arkansas to penalize an interstate railroad for failure to supply cars enough to accommodate intrastate traffic. In announcing the opinion of the court in the Nebraska case Justice Holmes asserted that although the state possessed certain police powers, and that railroads must fulfill the purposes for which their charters were granted, yet "railroads, like other owners of property, have rights that are protected by the Constitution." He held their property could not be taken without compensation, as he said the law proposed to do in requiring the roads to build switches to the elevators in question.

Among other decisions the court held that the business of a correspondence school, with pupils in various states, was interstate commerce, and upheld the act of Arkansas prohibiting drumming up of business by physicians and hotelkeepers on trains in that state.

MAY MEAN HALT IN PROCEEDINGS

Legal Obstacle Raised by Attorney for Pittsburg Men.

Pittsburg, April 5.—William J. Brennan, an attorney representing several councilmen whose cases were called for trial, set up a legal obstacle in the path of the graft searchers which, unless bowled over by the court's decision, may mean a halt in proceedings and necessitate a new beginning.

Brennan's surprise was sprung in the form of a motion that the ninety-one indictments against present and former councilmen on charges of graft be quashed on the ground that the foreman of the grand jury, Harrison Nesbit, president of the Bank of Pittsburg, is not an elector of Allegheny county and therefore not eligible to serve as foreman of the indicting jury.

Attorney Brennan argued that Mr. Nesbit recently was a national bank examiner with legal residence in Washington, D. C.

The city records, Brennan said, did not show that Nesbit had registered here or paid taxes. He was, Brennan contended, the most active member of the grand jury and had used information which he secured as bank examiner to indict the defendants in order that the Bank of Pittsburg might benefit.

Judge R. S. Frazer took the motion to quash the indictments under consideration.

Brennan also flashed before the court a number of local newspapers to substantiate his contention that popular excitement now ran so high that it was impossible to obtain a fair trial here. He asked for a change of venue and this point also was held up for decision.

P. B. Kearns and several other former councilmen made confessions in open court. Hugh Ferguson and Charles Stewart entered pleas of nolle contendere to conspiracy charges.

Roads and State Co-Operate.

Bozeman, Mont., April 5.—By means of a "better farming special" train the state of Montana and the railroads propose to co-operate in taking care of the rush of new farming population to this section. The railroads furnish the train, while the state provides the lecturers, demonstrators and equipment for teaching. State and railway profit alike if the new settlers succeed on the land. The trip will occupy two weeks, beginning on June 20.

NOTED EDITOR PASSES AWAY

AGASSIZ THE NATURALIST.

Career of Late Noted Authority on Marine Plant and Animal Life.

Professor Alexander Agassiz, the distinguished naturalist, mining expert, author and authority on marine plant and animal life, who died recently at sea on his way to New York, was born in Neuchatel, in the Jura mountains, Switzerland, in 1835. His father was Louis Agassiz, the great naturalist, while his mother was a sister of Alexander Braun, the famous philosopher and biologist. He received his early education in Europe, but after the death of his mother, when he was fifteen years old, he joined his father in the United States. He then prepared for Harvard university and was graduated from that institution in 1855, his classmates including Phillips Brooks.

After leaving Harvard Professor Agassiz entered the Lawrence Scientific school of Harvard, where he studied civil engineering. He was graduated with the degree of B. S. in 1857 and then spent three terms in the chemical department.

In March, 1859, he went to California, where he was appointed an assistant on the United States coast survey. He proved himself an adept in drawing the specimens of fish caught along the western coast and collected many specimens for the museum of comparative zoology at Cambridge, Mass. He returned to Cambridge in 1860 and was made agent of the museum. During the absence of his father in Brazil in 1865 he had entire charge of the institution. During the same year he became interested in coal mining in Pennsylvania.

Going to Lake Superior in 1866, he became treasurer of the Calumet mine, and in the following year he became superintendent of the Calumet and Hecla mines. In 1869 he was made president of the properties. He remained because of ill health.

In 1873 he gained the Walker prize of \$1,000 from the Boston Society of Natural History for his investigations on the echinoderms.

From 1876 to 1881 Professor Agassiz spent his winters in deep sea dredging in the Gulf of Mexico and the Caribbean sea, his investigations adding to his fame. In 1904 he refused the offer of Andrew Carnegie to pay the expenses of a scientific expedition along the coasts of Central and South America on condition that Mr. Carnegie's name be attached to the expedition, but paid the expenses, amounting to \$75,000, himself. In 1905 he went to Africa, where he studied the fauna and flora, cataracts, deserts and ancient ruins.

He retained his office of president of the Calumet and Hecla mining properties, which are said to be among the richest in the world. He was a liberal man, and his donations to the cause of education and science aggregated \$500,000. He was a citizen of Newport, R. I., where he owned a large estate. He wrote extensively upon zoological subjects, and his accounts of his scientific expeditions have become scientific text books. He was appointed a member of the Order of Merit by Emperor William in 1902 and was made an officer of the Legion of Honor by the president of France in 1896. He also belonged to the Academies of Science of Paris, London, Vienna, Munich, Rome, Stockholm and Copenhagen. He served for years as president of the National Academy of Science and the American Academy of Arts and Sciences.

Tree Crushes Out Man's Life.

Duluth, April 5.—While working for John Colbrath in a camp near Brookston, Alex. Anderson was killed by a falling tree, which crushed his life out instantly.

Farmer Frightened to Death.

Mount Airy, N. C., April 5.—Jonathan Sams, a wealthy farmer living near this city, died of fright as a result of a thunder storm here.

Killed in Railroad Wreck.

Bemidji, Minn., April 5.—Fred O. Sibley, a merchant of Island Lake, Minn., and prominent in Beltrami county, was killed at the Whitelash spur in a wreck on the Wilton and Northern railroad, in which the engine was demolished. No one else was injured, the engineer and fireman saving themselves by jumping.

Going the Wrong Way.

A self conscious and egotistical young clergyman was called to a church in a small town in upper New York. After his first service the youthful minister asked one of the deacons, a big hearted but extremely plain spoken old fellow, what he thought of "this morning's effort."

The deacon was silent a few moments before replying. Finally he said: "Well, I'll put it to ye in a kind of parable. It reminded me of Tom Dorgan's first deer hunt, when he was green. He followed the deer's tracks all right, but he followed 'em all day in the wrong direction."

Interlopers.

Nurse—Please, sir, it's twins. Professor—Well, well! What do they want?—London Tatler.

Joel P. Heatwole Dies Suddenly at Northfield, Minn.

VICTIM OF BRIGHT'S DISEASE

Deceased Was Elected to Congress as a Republican From a District That Had Previously Been Democratic, Serving Four Terms in the Lower House—Was Editor of the Northfield News and Long Prominent in Minnesota Politics.

Northfield, Minn., April 5.—Joel P. Heatwole, editor of the Northfield News, died suddenly at his residence here.

In spite of the fact that Mr. Heatwole suffered with Bright's disease and had been in poor health for some time, his death was wholly unexpected.

When Mr. Heatwole arose in the morning he was feeling in better health than for some time. After dinner he was sitting in a chair when the fatal stroke came. Acute Bright's disease caused death.

With him at the time were Mrs. Heatwole and his stepdaughter, Alice Archibald, and his medical attendant.

Mr. Heatwole is survived by his widow, Gertrude Archibald Heatwole, whom he married in 1890 in London, Eng., and by his stepdaughter, Miss Alice Archibald.

Mr. Heatwole was born in Waterford Mills, Ind., Aug. 22, 1856. Attended public and private schools; worked on a farm; worked in printing shops; taught country and village schools; owned a newspaper in 1876; came to Minnesota in 1882; worked on the Enterprise, Glencoe, and Lake Superior News, Duluth; bought the Northfield News in 1884.

President of Editorial Association.

He served three terms as president of the Minnesota Editorial association; delegate to state Republican convention in 1886; member state Republican committee and secretary; same positions in 1888; delegate at large to the national Republican convention in 1888; chairman state Republican committee in 1890; member state board of regents state university; defeated for congress in 1892; elected mayor of Northfield in 1894; elected to congress in 1894 by a plurality of 5,268, the district having nearly 9,000 Democratic and Populist majority in 1890; was re-elected in 1896 by a majority of over 6,000, and re-elected in 1898 and 1900, respectively, by increased majorities; member of the committee on foreign affairs for eight years; member of the sub-committee dealing with Cuban affairs; one of the three house conferees having under consideration the resolutions leading to the war with Spain; chairman of the committee on printing for four years; member, among others, of the committees on census, board of visitors to naval academy, Capitol celebration.

He was one of six Republican congressmen who refused to vote to impose a tariff on Porto Rico; voted against the Philippine tariff bill; in 1890 declared that trust controlled articles should go on the free list, the first public declaration of the sort made.

CHURCHMAN MUST RETURN

McTeer's Efforts to Avoid Extradition Fail.

Grand Forks, N. D., April 5.—Notice has been received in Grand Forks that a judgment of extradition has been entered at Montreal against Archibald McTeer, the former Grand Forks churchman who is accused of obtaining money under false pretenses. McTeer has been placed in jail at Montreal pending the hearing of an application for a writ of habeas corpus, which has been made on the plea that the action against him was started to collect a civil debt. This case has been in progress since last November, McTeer making a hard effort to defeat extradition.

Hatcher Brothers of this city accuse him of securing \$1,900 from them under false pretenses.

Crop Conditions Good.

Grand Forks, N. D., April 5.—Crop conditions in North Dakota were never better, according to J. H. Griffin, division freight agent of the Great Northern, whose position puts him closely in touch with business men and farmers. This week sees the real opening of spring work in the state, and those who have held off are now at work. Although there was a scarcity of help two weeks ago, this is not the case at present.

Settlers Rush to Canada.

North Portal, Sask., April 5.—In March an unprecedented number of American settlers passed through this point, there being 6,523 persons, as compared with 4,223 for March, 1909, and there were 1,015 cars of settlers' effects, as compared with 726 for March, 1909.

TUESDAY, APRIL 5, 1910

Morrison county has two muskrat trappers who have realized over \$600 from the sale of the skins of these animals and a few mink since the opening of the season last fall, last week alone their catch netting \$106. That's what you might call "easy money."

Wm. Bryan has written his friends in New York that he does not want any fuss made over his arrival in that city next Tuesday from South America, just wants a quiet affair. Possibly the noise would not have reached from ocean to ocean even if William had not used the precaution.

The public cannot complain of the high prices of potatoes for according to St. Paul quotations the farmers are receiving but from 10 to 15 cents per bushel for their spuds, which is the lowest in ten years. The potatoes were forced out on the market by the early advent of spring and the demand is weak.

Brainerd has an ordinance against chickens running at large and tearing up the seeds, flowers, etc., that are planted, and here comes a woman who asks that the ordinance be extended so as to take in the dogs that romp over and around the premises, doing more damage than do the chickens. And possibly she is right.—Stillwater Gazette.

The prediction is freely made that Gov. Eberhart will receive the unanimous nomination for governor at the republican state convention to be held June 21st in St. Paul. If the republicans of the state can agree on a candidate for governor without opposition in the ranks of the party, success at the poles in November is assured, and it begins to look now as though the strife that has existed for some years would at least be lost sight of in the coming election and that the party would be united for the common good.

Joel Heatwole, the Northfield editor and politician, is dead. Mr. Heatwole has been a sufferer from Bright's disease for some months and although he had improved somewhat and was about, he had not regained his health, and death came suddenly Monday from an acute attack while sitting in a chair and conversing with his family. Mr. Heatwole had been in the newspaper business in Northfield since 1884 and had been a prominent figure in state and national politics, having served four years in congress. The press of the state loses a valuable member and his home town and county an active and influential citizen.

MEETING WAS UNEVENTFUL

Board of Education had a Very Tame Regular Meeting Monday Evening

A BARE QUORUM WAS PRESENT

Only Routine Business was Transacted and the Meeting Soon Adjourned

The Board of Education held a very uneventful meeting Monday evening. It was called to order at 8:30, and only a bare quorum had been secured. Those present were President Erickson and Messrs. Hohman, LeBar, Larson, Kaatz and L. P. Johnson.

The matter of the fire insurance policy in the agency of Henry I. Cohen which will soon expire, was referred to the insurance committee.

The matter of closing school to permit the teachers to attend the Northern Minnesota Educational association at St. Cloud, April 7, 8 and 9 was left in the hands of the teachers committee together with the city superintendent, with power to act.

The janitors' pay roll for March, amounting to \$335, was allowed. A number of other bills were also allowed.

The matter of calling a special meeting to elect teachers for the coming year was left in the hands of the president and the board adjourned.

Joseph's hospital by him a few days ago.

A new customer quickly observes and appreciates the character of service he receives at this bank. Security State Bank. 249tf

Andrew Wohlfater died at the home of Jacob Winder in Long Lake, Saturday, and was buried in Evergreen cemetery yesterday. He was 93 years of age and was a veteran of the civil war.

We cannot but take an interest in the prosperity of our patrons. Our success depends largely upon theirs. Security State Bank. 249tf

Frank Buchanan, Wm. Ham and Charles Peterson, of Cuyuna, came over last night and appeared before the board of county commissioners today in behalf of the incorporation of Cuyuna.

Boil all drinking water to avoid danger of typhoid fever. Dr. R. A. Beise, Health Officer. 211-tf.

J. P. Saunders was down from the state fish camp near Pequot today. He says that the pike are beginning to run and are not spawning yet. They are capturing many pike which they are keeping in pound nets until the spawning season commences.

Jacob Schmidt's bottle beer is delicious. We have the agency. Order a case. Phone 164, John Coates Liquor Co. tf

Mrs. R. E. Lester, sister of Caleb Shodal, left this afternoon for St. Paul, taking with her her baby, which was left motherless last week. Mrs. Lindstine, another sister, left for her home in Anoka this afternoon, and Mr. Shodal's parents, Rev. and Mrs. A. P. Shodal, left on the same train for their home in Harris, Minn.

The Walker Pilot says of a former Brainerdite: "Fred Regan came into town with a fish having four feet, one day last week, and tried to get someone to name the thing for him. It had a fish's head, tail and gills and four fully developed feet. It is presumed that the fish uses the feet to crawl up a fish line to see who has a hold of the pole before tackling the bait."

Brown's spring water has no iron in it or other disagreeable tastes. Try it. Phone 14634. 245tf

Dr. McMurphy, of Ortonville, Minn., was in the city yesterday and today looking after iron lands he is interested in near Emily. He states that they expect to resume exploration soon. He says they have not been able to complete their explorations. According to his statement the drill firm would not go in unless they had \$6,000 worth of work pledged. This was done. After doing \$950 worth of work the drillers pulled out abandoning claim to the money earned. Dr. McMurphy expresses the belief that some outside influence must have made up the loss or they would not have quit.

LADIES—Call at Mrs. Grandmeyer's today or any day this week and examine the fine stock of hair goods and toilet articles now on sale from the famous Hair Shop of Miss Alberta Wright, St. Paul.

Horses For Sale

Estrayed or Stolen

My dog "Jack," English and Irish setter; nine months old, but full grown; color, reddish brown, with white breast. Reward will be paid for information leading to recovery. LESLIE HALSTED, 423 Broadway North, Brainerd, Minn. 258-t2-w

MUSIC AND DRAMA

The Virginian "The Virginian" last night was fairly well attended and gave first class satisfaction. The play is too well known to need mention and the cast was strong and evenly balanced.

When you buy a Sincerity Suit what you get is the opportunity of letting your face talk instead of your clothes.

A man who buys a Sincerity suit is taken for a Sincerity man. When he goes into a Club he is given face value, not clothes value. If anything is questioned, it is what he says not what he looks like. When he talks business to another business man, his voice, not his clothes, are listened to. In other words,

Sincerity Clothes

give the man a good introduction in either society or business circles and a good introduction is half the fight. When you go out in the afternoon or evening in good society, you do not wonder whether your clothes are cut like the other man's; YOU KNOW THEY ARE. You know they are

not only cut right, but you know that a score of fine distinctions in workmanship and fabric and finish give you even a better bearing and a better finish than the rest.

If you'll give us the opportunity merely of showing you our Sincerity stock of clothing, we won't have to ask you to buy a suit, you'll be asking us to sell you one.

\$15.00, \$18.00, \$20.00 to \$25.00.

GETS CROSBY HOTEL

Henry Spalding Has Leased Hostelry In New Town and Will Open About May 1st

Henry Spalding, of this city, has secured from the Fitger Brewing company, of Duluth, the lease on the handsome three story brick hotel erected by them at Crosby, and which will be ready for occupancy in a few days. Mr. and Mrs. Spalding left this afternoon for Minneapolis to purchase the fixtures for the new hotel. Mr. Spalding is an experienced hotel man and will, without doubt, make good there. He hopes to be able to open up by May 1st.

RUGS

We have just received our spring stock of rugs (all sizes) lace curtains, portiers, couch covers, bed spreads, go-carts, bench and tub wringers. We sell on easy terms. 249tf W. S. ORNE.

You are not getting Brown's spring water nor water from the same vein unless you are getting it from the Hayes wagons. 245tf

Attention K. of P.

All Knights are requested to attend the regular meeting tomorrow evening at the Commercial Club. Business of importance will be transacted and a full attendance is desired.

HUGO A. KAATZ, K. R. S.

Beware of Ointments for Catarrh that contain Mercury as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, O. by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

'TIS FOR YOU

Thousands of sufferers from dyspepsia and stomach trouble have been made well by taking a very small dose of Hollister's Rocky Mountain Tea after each meal, and at bed time. Try it. 258-t6

A New Idea in Medicine

Which accounts for the enormous success of DR. A. W. CHASE'S NERVE PILLS

To tear down the diseased tissues was the old principle of medicine. To cure by building up new, healthful tissue is the new method.

Dr. A. W. Chase's Nerve Pills are a scientific illustration of the new method, for they cure by increasing the quantity and quality of the blood, by creating new nerve force, and by overcoming weakness and disease with new vigor, new energy and new vitality. The time to begin using Dr. A. W. Chase's Nerve Pills is when strength fails you and you find yourself out of sorts and losing health and vigor.

It is easy then to get back to normal condition by using this great restorative treatment. The blood is enriched, the nerves revitalized, new firm flesh and tissue is formed, and you feel the snap of new vigor as it is being instilled into your system. Don't wait for nervous prostration or paralysis, but keep the system at high water mark. Dr. A. W. Chase's Nerve Pills, 50 cts. a box, all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. H. P. DUNN, Druggist

"The Old Reliable"

KEENE & McFADDEN

First National Bank Block

Brainerd, Minnesota

Again we find it necessary to revise our list, as pretty much of everything, especially on the "north side," has been sold, except "OUR HAPPY HOME." This we propose to keep, and expect to live and die in BRAINERD. In 1881 we cast our lot here in BRAINERD and CROW WING COUNTY, and the prospects never looked brighter than it does at this time, and we still maintain that a DEED TO A HOME IN BRAINERD is worth more than a bushel of RENT RECEIPTS. If you want to buy city property, farm or mineral lands, see us, as we have a large list and many choice bargains. If you want to sell city property or lands, list with us. Our motto is "GIVE EVERY MAN A SQUARE DEAL."

HOUSES AND LOTS

The "Nevers Home", corner Main and 4th streets, 14 rooms, two baths and toilets, steam heated. Ideal place for roomers. Will sell for \$2000 on easy terms or rent to good party for \$25 per month. Snug cottage at 705 S. 5th street, for \$750, easy terms. House and two lots corner 1301 Pine St. S. E., for \$800—Easy payments. Small cottage at 919 Grove St. Price \$600—Easy terms. Six room house and two lots at 1006 Fir Street—\$600—Half Cash. A frame house and 50 foot lot at 1610 Norwood street, \$750—Terms. Other Houses Not Listed Above in all Parts of the City

VACANT LOTS

Three fine lots on south Sixth street, \$125 each—Terms. Four fine lots on N. 3d St., south of C. M. Patek home. Price for the 4, \$1000—Cash. We still have about 60 lots left in N. E. Brainerd, size 50x140 feet, with alley through every block. Will close them out from \$40 to \$60 each. \$10 down then \$5 monthly. Four lots corner Kingwood and 2nd streets. Price \$1050—Part cash, balance on easy terms. One lot 37½ feet by 100 feet, No. 712 N. 9th street. Price \$300. Other Vacant Lots in all Parts of the City Not Named Above

MINERAL LANDS

A quarter section in 31-134-28. Knudsen's map of Cuyuna range shows an attraction right through it. Price for a quick sale, \$25 per acre, terms. 80 Acres in Sec. 32-134-28, also on line of attraction. Price \$20 per acre on terms. 3½ of sw¼ of Sec. 11-44-31. Drilling and proving up on ore all around this 80. Price \$30 per acre. Cash or terms. This is worth investigating. 160 acres along the line of attraction in Sec. 36-44-32. Price \$50 per acre—Terms. 80 Acres the n½ of ne¼ sec. 21-43-31. Price \$25 per acre—Terms. 160 Acres in Sections 35 and 36-45-30. Price \$20 per acre. Worth looking after. Also other Mineral Lands Not Above Enumerated.

FARM LANDS

We have a number of first class FARMS, improved and unimproved in all parts of the county. Prices ranging from \$8 per acre and upwards; price all depends on the location and improvements.

Remember a Perfect Title or No Sale With us

We have 'Em all.

616 Laurel St. Brainerd, Minn.

MR. LUDWIG AS Y. M. C. A. SEC.

Who Has Had a Successful Career at Pocatella, Idaho, Comes Here

WILL RE-ORGANIZE LOCAL WORK

The Building Will Not be Reopened at Present—Big Canvass Will be Planned

Mr. E. L. Ludwig, who has just completed a successful secretaryship at Pocatella, Idaho, arrived yesterday morning to accept the secretaryship of the local Y. M. C. A. The board has been looking for a man who has "done things" and have found in Mr. Ludwig one who has "made good" in his field. He will not open the building at present, but will devote his entire time to re-organizing the work.

In speaking of the work as outlined by the board, Mr. H. F. Michael, president of the board, gave the following statement to The Dispatch: "It is regretted that the work of the local association has not been a marked success for some years. There have been times when some parts of the work have been well cared for, but a well balanced work has not been done. This has been due to several reasons, the chief of which has been financial. Unfortunately it requires money to run a Y. M. C. A. successfully, and the work here has been seriously handicapped by the lack of the necessary funds to do the work characteristic of this institution. The present board has tried to make progress with the limited amount it has had to work with but, after using every possible plan they could conceive, found it necessary to close the building. It was felt better to do this than to merely "nurse" a work which showed no evidences of regaining a healthy status. The highest amount spent in any one year recently, was \$2685.55, while the very lowest budget of any other association in the state has been \$3500.00, and a well organized work cannot be done here with an amount less than that.

"The board has not been infallible, but the members of the board have given much valuable time and no little thought to the work. If the citizens are willing to support the work they will give their services unstintingly to make it a successful institution.

"The board, through its new secretary, will put on a canvass about May 1st, and the result of this will determine the future of the institution. Personally, there is no doubt in my mind but that the people of this city want this institution. That want, however, must be expressed in a material way, or the only thing the board can do is to turn the building over to the creditors.

"Mr. Ludwig will make it a point to meet a large number of our citizens. He will necessarily need the assistance of many in the canvass and

it is hoped that all interested in the young manhood of our city will give him their support.

"With a Y. M. C. A. in or being organized in every city of importance in the country, Brainerd, with her splendid prospects will surely not wish to discontinue hers, but should put it on a splendid working basis.

"The board hopes to secure a competent committee to audit the books and to make a statement to the people before many days."

DEERWOOD AND THE SOO

Aitkin Paper Says Soo Railroad Will Run into That Village and Build Good Depot

The Aitkin Independent in its last issue says: "We have it on the best authority that recent changes in the Cuyuna line of the Soo railroad will run the line into the village of Deerwood. It has been decided to abandon for the present the line which runs from Ironhub to the south end of Reno lake, at least until the developments in that locality will warrant its construction.

"Instead the line will be run as laid out to the crossing of the Northern Pacific tracks, which is two or three miles east of Deerwood, and will then run west, south of the N. P. tracks, into the village of Deerwood, where a comfortable depot will be erected."

In Memory of Mrs. Caleb Shodal

Not our will, but thine, Our Fatehr,
Are the words we tried to say,
When came the beautiful angels
That bore our friend away.
She is resting now with Jesus,
Free from every earthly harm,
Sweet are her girlish features,
Brighter are her youthful charms.
Now she's singing up in Heaven,
Breathing forth a song of love,
Love that doth abide forever,
In that Heavenly home above.

Why should we mourn departed loved ones,
Freed from pain and care and strife
Death is not the King of Terrors,
But an awakening into life.

When loved ones are taken from us,
Their form on earth we'll see no more,
But by a "precious promise given"
They're not lost but gone before.

She is gone, but we shall meet her,
On that great re-union day,
When earth, with all its gloom and sadness,
Shall have forever passed away.

Then with loved ones gathered 'round her,
In that angel home above,
She will sing the praise of Jesus,
Songs of his redeeming love.

To us her voice will ne'er grow silent,
We can hear its music still,
And tho' our hearts are crushed with sorrow,
We'll abide by the Master's will.

O! May that voice in us awaken,
A hope to share that home above,
And there forever be united,
By the Golden chains of love.

A FRIEND.

CONCRETE PAVING TO BE TRIED

Seventh Street South, Between Laurel and Maple to be Thus Improved

CHICKEN ORDINANCE LAID OVER

Attempt to Include Dogs Causes Split and Matter is Referred to Committee

The city council was called to order in regular session at the city chambers Monday evening by President Twohey. The following members were present to answer to roll call: Alderman Henning, Cardie, Robertson, Paine, Zakariassen, Gardner and Drexler and President Twohey. Absent: Alderman Deickhaus and Kjellquist.

The minutes of the last meeting were read and approved.

The city clerk's report of receipts and disbursements for the month of March, 1910, was read and approved as follows:

Receipts—	
Licenses.....	\$3,000.00
March Settlement.....	5,302.88
2 per cent daily balances.....	13.94
Court fines.....	121.00
Court fees.....	44.05
Mortgage fees.....	5.50

Total receipts..... \$8,487.37

Disbursements—

Library fund.....	\$ 41.25
Liquor license of Gennow re funded.....	500.00
City expense.....	640.56
Police.....	506.34
Fire protection.....	372.50
Streets and bridges.....	6.85
9th Street paving.....	62.90
Interest paid on bonds.....	\$75.00

Total disbursements..... \$3,005.40

The report of the clerk of the municipal court was read, showing \$121 in fines collected and total receipts of \$170.55. The report was, on motion, accepted.

Alderman Dieckhaus came in. The report of the chief of police for the month of March, 1910, was read and accepted.

The pay roll of city officials and employees were allowed as follows:

City officials.....	\$288.32
Street employees.....	47.50
Firemen.....	74.25
Fire department.....	140.00

The pay roll of the police department was presented, allowing Officer DeRoche pay for 13 days, he having been sick the last half of the month. On motion the pay roll was amended to allow him full pay and then allowed at \$352.90.

The fire and water committee reported that the water and light board had taken under consideration the petitions for enlarging the mains on Oak and Fir streets. Alderman Henning reported that the water and light board is trying to pay for all improvements and betterments out of the income of the plant and that it is doubtful, in view of that fact,

that they can reach these improvements for a few months. The matter of the extension of the main from the corner of Ninth and Fir streets north on Ninth street, had also been taken under consideration by them.

The street committee reported that the contractor had resumed putting in the curb on Oak street and that the work of putting on stones would be resumed in a very short time. They also reported that they were only able to secure 200 cords of rock the past winter and that it would probably be impossible to secure paving rock at reasonable rates in the future. The committee recommended the paving of Seventh street, between Laurel and Maple with concrete paving, stating that the property owners were willing to stand the expense.

President Twohey thought that there should be a pound master put on duty. He estimated that there were at least 700 cows running at large in this city. The suggestion was made that there would be a saving made by appointing the same man as pound-master and as sanitary police. Health Officer Geise, who was present, nominated T. E. Martin, the present pound master as sanitary police and a resolution was adopted fixing his salary at \$40 per month for two months, and confirming his appointment.

Alderman Gardner brought up the matter of the city ordering the engineer to furnish the grade for side walk on the south and west side of block 101, owned by him, on a ruling of the city attorney that this could not be done except by ordering the walk, and that the property owner had only to ask the city engineer to have the grade given, no action was taken. Mr. Gardner announced his attention of curbing the south side of the block.

A communication was read from Wm. Nelson, secretary of the Water and Light board, requesting the city to ask the Northwestern Telephone Exchange company to put the phone at the city pumping station on the free list along with the other city phones. The telephone company insisted that the request come from the city council. On motion the city clerk was requested to make the application on behalf of the city council.

A protest was read against the proposed reassessment of Laurel street from Fifth street to the Mississippi river, the protestants assuming that the street was to be repaved. The new city charter provides that the city may re-assess in the event of an assessment being declared illegal, but the attorneys for the property holders declare that this cannot be done and that the city cannot recover for the improvements made there. As several thousand dollars is involved the matter will probably have to be tested out in the courts.

The communication of the building inspector approving the application of H. H. Baker for permission to erect a brick addition to his meat market and of D. M. Clark & Co. for permission to put a temporary structure in the rear of the Columbian block site, were both on motion approved.

The temporary buildings placed just south of The Dispatch building and on the Hoffman lot at the corner of Sixth and Laurel streets were referred to the fire committee and the chief of the fire department to see if they were permissible.

The liquor license application of Edward Lien, for the John Hughes stand on Kindred street, was granted on the promise of Mr. Lien to the council that the former proprietor, against whom there are charges before the courts of violation of liquor laws, have nothing to do with the business. A lease of the building and a bill of sale of the fixtures were presented, in addition to which Mr. Lien appeared before the council and made a personal statement. All voted aye on the application except Alderman Robertson, Alderman Kjellquist being absent. Alderman Drexler stated that he voted aye with the express understanding that if the promises of Mr. Lien were not lived up to, the license should be revoked.

The city engineer was, by resolution, instructed to prepare estimates, etc., for the paving of South Seventh street between Laurel and Maple, with concrete paving.

Alderman Cardie's chicken ordinance was presented and the fun commenced. The ordinance prohibited the permitting of poultry to run at large between the 1st of April and the first of October. Alderman Gardner wanted dogs included in the ordinance, which Alderman Cardie would not stand for. After considerable discussion and joshing the ordinance was referred to the special ordinance committee with instructions to report at next meeting.

A motion was made and carried that the dog license ordinance be enforced and the purchasing committee was instructed to secure 250 tags.

The matter of putting sidewalks from the walk to the curb, where it is set out for boulevards, was brought up and was referred to the street committee.

The president stated that there would be inventories of all property in the hands of city officials presented at next meeting.

Alderman Robertson thought that it was time something was done on Lateral sewer "L," which taps the Whittier school and the territory north of it in that tier of blocks. He said there had been three surveys and no work yet. A resolution to re-advertise for bids for the lateral was presented and passed, all voting aye.

Concerning Gossard Corsets

WHEN a woman purchases a corset the tendency is for her to select one just like she had before or if the style changes a little she may possibly insist upon the new model.

Too few women seek to find a corset which not only gives the proper lines but which is one that means the greatest of comfort, and which insures a scientific healthful garment.

The Gossard corsets insure the most stylish figure besides other features which no other corset possesses. The next corset you purchase should be a Gossard. Our salespeople will acquaint you with your style.

"MICHAEL'S"

"MICHAEL'S"

The matter of the sewer between Fifth and Sixth streets was referred to the sewer committee, the sewer being reported in bad condition.

Alderman Drexler called attention to the failure of plumbers to get permits to "tap" mains and sewers and also the matter of their failure to replace the streets in good condition. It was referred to the street committee.

The matter of the sewer district in the Third ward was referred to the sewer committee to report at next meeting.

The council then adjourned.

To Cure a Cold in One Day.
Take Laxative Bromo Quinine Tablets.
Druggists refund money if it fails to cure. E. W. Grove's signature is on each box. 25c.

HAD A BIG TIME

Odd Fellows Who Went to Aitkin Monday Evening Report an Excellent Time

The members of Unity Lodge, I. O. O. F., who went to Aitkin Monday evening to attend the lodge there, report a most enjoyable time. There was a special car set out here to take them to Aitkin and bring them back. Several of the grand officers met the local lodge here and accompanied them to Aitkin. The grand officers in the party were:

W. M. Barber, grand master, Long Prairie.

A. L. Bolton, grand secretary, St. Paul.

C. M. Sprague, grand treasurer, Sauk Centre.

Winn Powers, grand representative, St. Paul.

G. S. McCulloch, grand patriarch, Brainerd.

The following members of Unity lodge were in the party: N. M. Paine, W. N. Holbrook, J. G. Lockard, Alf. Halberg, Geo. Fricker, Edw. Peters, H. Roberts, O. Fox, J. G. Smylie, Oscar Hagberg, F. E. Russell, P. Walters, C. B. White, M. J. Williams, H. W. Lagerquist, E. B. Carlisle, S. Hanson, J. S. Robertson, Henry Greener, J. Franke, H. Anderson, C. J. Holbrook, Al. Fox, F. Keer, P. A. Johnson, O. Ovig, W. T. McClasky, H. Paine, Frank Grant, L. M. DePue, Jno. Bolzer, S. A. Stanley, Jens Molstead, A. Brown, Dee Holden, Wm. Murray, A. Lagerquist, G. V. Edquist, M. Morrison, H. Hanson, L. W. Sherlund, H. Hurley, Otto Peterson, S. Shanks, A. McLealie, Jno. Gordon, Jno. Bye, Fred Allison, Edw. Anderson, C. Risk, W. E. Snell, S. V. Iong, A. E. Thayer, L. C. Carlton, S. Hall, J. H. Noble, Geo. Abbott, Chas. A.

Neal, A. E. Losey, S. S. Betts, W. S. Peabody, H. A. Flora, C. Williams and Fred Halliday.

Hollander-Sutton

George W. Hollander and Goldie P. Sutton, both of St. Paul, were united in the bonds of matrimony last evening at 7:30 at the Methodist parsonage with the Rev. Charles Fox Davis officiating. The ceremony was witnessed by a few of the friends of the contracting parties, and the lines of the short ring service of the church was read. The young couple left on the midnight train for Tacoma, Wash., to make their future home.

HAS NATIONAL BANK

First National Bank of Deerwood Takes Over Business of Cuyuna State Bank

Deerwood, April 4.—The First National bank of Deerwood opened for business today in the banking room formerly occupied by the Cuyuna taken over. This is the second National bank in Crow Wing county and gives Deerwood ample banking facilities. \$25000 capital, with Isaac Hazlett a wealthy banker of Minneapolis, as president; C. W. Gardner, comptroller of the Soo line, and W. E. Parker, cashier of the Merchants National, Wadena, vice presidents; H. J. Ernest, former cashier of the Cuyuna State bank and vice president of the First State bank of Cuyuna, cashier. The above together with H. J. Kruse, Geo. F. Orde and Jas. C. Hazlett compose the board of directors.

This gives Deerwood one of the strongest banks in the northwest, with most of the stockholders very wealthy men, a few of which are rated at well over a million.

COME to our store—look over our new Spring line of "SOPHOMORE CLOTHES." You have never seen anything handsomer in clothes. All the newest shades and patterns of fabrics—every new idea in style and make.

Sophomore Clothes

are different from ordinary ready to wear clothes. The models are made to bring out the good points of your figure and hide the defects. The broad concave shoulders—the full chests—the lines and drape of the garments—the faultlessness of the fit and the individuality of the styles will appeal to you instantly. We carry a most complete stock of these good clothes and would like to have you come in and look them over even if you don't intend to buy just now. It is well to be posted and there is no better spot to learn the latest styles in clothes than right here.

TO URGE NATIONS TO SAVE BIRDS

Worldwide Conservation Movement Started by U. S.

OF VALUE TO CROPS AND HEALTH

Action to Restrain Poachers Who Supply the Great Millinery Markets Will Be Advocated at the International Ornithological Congress to Be Held at Berlin in May.

To urge the world powers to unite in checking the commercial butchery that is known to be exterminating rapidly the most valuable bird species from the face of the globe a conservation movement of international scope was organized recently in New York city.

At the fifth quinquennial convention of the international ornithological congress, which will be held in Berlin on May 30, an American representative from the National Association of Audubon Societies has been instructed to present for the consideration of the nations a plan for uniform protection against the army of poachers who scour the earth to supply its great millinery markets with the plumage of billions of the birds on whose natural activities the human race must depend for agricultural prosperity and sanitary safety.

To enlist Mexico in a tripartite agreement with the United States and Canada in the interest of the migratory birds of the North American continent a representative from the United States also is preparing to appear before the Mexican congress.

Campaign in All Lands.
Headed by the National Association of Fish and Game Commissioners, the North American Fish and Game Protective association and the American Ornithologists' union, as well as the National Association of Audubon Societies, this campaign of protest against the rapid destruction of the feathered resources of every land will be carried from the United States to all civilized nations.

Testimony from the foremost agricultural and hygienic scientists, showing the great part played by the insect eaters in checking crop pests and by the sea birds in averting pestilence, is now being prepared as proof of the immediate need of their international protection.

Until the authorities of every nation join to check the illegal raids of the scouts for the millinery markets who are scouring the earth each year, the ornithologists declare, no hope can be held out against quick and final extinction of the most useful bird species that inhabit every land.

Japanese Raid an Issue.
Details of the raid of Japanese poachers upon the bird reserves of the United States about Hawaii a short time ago have been received at New York and will be laid before the coming international conference with the growing demand for reciprocal bird protection among the nations.

Ten tons of the feathers of valuable Pacific-American species, with the skins and wings of more than 250,000 birds, have been found in the hoary that the revenue cutter Thetis brought back with twenty-five subjects of Japan who had been landed on American soil to put in a year at killing and mutilating the tame flocks on these remote islands. While the value of these bloody trophies to the wholesale millinery market is estimated at \$100,000, the bird life that the Japanese destroyed in taking them is calculated to be worth to the people of the United States at least \$1,000,000.

"As long as billions of the most valuable birds of the earth may be destroyed in some countries and shipped to the millinery centers in others it will be impossible to prevent their ultimate extinction," said William Dutcher, president of the National Association of Audubon Societies, at its headquarters in New York city. "For instance, the bird of paradise, one of the most striking and beautiful of nature's creations, is now on the verge of extinction. The sale of its plumage cannot be checked until the nations co-operate to this end."

"This trade in feathers is the chief cause of the world's alarming loss of its bird resources, which are essential to the health and prosperity of the human race everywhere. Migratory birds know no geographical lines, and we do not believe their existence should be menaced any longer by the lack of the uniform protective laws we propose to advocate to the world powers."

YOUNG MEN WANTED

Government Pays Railway Mail Clerks \$800 to \$1,400 a Year—Free Scholarships are Offered

Uncle Sam holds examinations for railway mail clerks, postoffice clerk carrier, custom house and department clerks. Prepare at once for the coming examinations.

The job is for life; hours are short, salary twice monthly and vacation. To any young man who has energy enough to answer, this is the opportunity of a lifetime.

Thousands of appointments are to be made. Common school education is all you need; city and country people have equal chance. Start to prepare now—free information. Free scholarships this month. Write immediately to Central Schools, Dept. T. 12, Rochester, N. Y.

GIFT TO MAKE BOY FARMERS.

Clergyman Offers Several Hundred Acres to a Church.

WANTS A SCHOOL FOUNDED.

Rev. Dr. Oscar Haywood of New York Has New Plan to Educate City Youngsters and Others in Agricultural Trades on a Farm in North Carolina.

A gift of several hundred acres in North Carolina for the establishment and equipment of a settlement and a school of farming and allied trades for boys was offered to his parish the other night by the Rev. Dr. Oscar Haywood, pastor of the Baptist Church of the Covenant, in West Thirty-third street, New York city. His plan is to take city born lads and boys of the landless classes of the south to the farm and to make practical farmers of them. Dr. Haywood announced his plan to his congregation at a musical service for the benefit of the special work for boys which is conducted by the church. In announcing his gift he said:

"I offer to the people of New York city and my lifelong neighbors in North Carolina several hundred acres of land now cultivated as a cotton farm as the ground and a foundation on which to establish and equip a settlement and a school of farming and allied trades for boys, city born and from families of the landless class in the south. The farm is on the lower border of the middle Piedmont section of North Carolina. About one-fourth of it is open to cultivation, the rest being carefully protected forest of all varieties of native trees.

"The plan, which I am carefully working out and details of which will be printed when ready, is to incorporate the best features of the schools in which useful kinds of knowledge are taught, with systematic farming chiefly emphasized, the idea being to restore the free and independent life of the one time plantation boy. There will be a settlement of negro boys on the farm under the supervision of negroes."

Reasons For His Enterprise.
One of the reasons which led him to suggest the enterprise, Dr. Haywood said, was the depletion of the farming population in North Carolina and other southern states.

"The sweetest country in the world, originally rich in every propitious element of climate and soil, once thickly settled with well to do and thrifty farmers, has been deserted by the landowners and abandoned or turned over to negroes, who occupy the farms under lease or mortgage," the preacher added. "When statements of the acreage owned by negroes are published as an evidence of their wonderful progress, tables of statistics as to the mortgaged area should be printed also. At the best not more than 20 per cent of the land owned by negroes is free from mortgage."

"A misplaced emphasis in current methods of education is misdirecting the energies of the world. The educated man is lost in the country for all useful purposes. Boys do not return to the farms when taken from them and put through college for the reason that the things they have learned cannot be utilized in that environment."

Dr. Haywood gave as another reason for his enterprise the impractical methods of agricultural schools. Most of them, he said, are found in or near cities.

"A student graduated from a college of agriculture and put to work on a farm where nature is ice and mud in winter and rocks in summer is a disillusioned idealist," Dr. Haywood added. "On that suburban garden plot called an experiment station, equipped with nickel plated implements, he plays a gentleman's game of farming. With a shining steel share he turns up a cataract of pulverized soil without a problem of clod, clay or sand for solution, with just the proper chemical constituency to make pumpkins and potatoes for the state fair and may resort when the heavens are brass."

Would Begin With Young Boys.
"The congested population of this city would find, happy relief on the abandoned farms of the south, where the cost of living will turn to the profit of living. The mature life native to the city will not leave it; hence begin with the boys, taking them from six years to twelve, and let them grow up on the farm. They will never get over it."

"There is a growing demand everywhere for trained, practical, skilled farm laborers and superintendents. Never did the farm call so loudly as now. Thinner science is turning with irrigation, soil making, forestry and improved implements and its hand-maiden, art, with architecture and landscape gardening. The south will be the great center of agricultural development for the next quarter of a century."

The pastor said he had received assurance that the enterprise would receive support both in New York city and in North Carolina.

Mean Revenge.
Many "meanest" men have been branded lately, but one New Jersey citizen who takes first prize in that class was discovered not long ago. This heartless individual had been on unfriendly terms with his wife for a week because she had contracted with a dentist to repair her teeth. The job was partly finished, nearly every one of the woman's teeth having been extracted to make room for a plate. Her husband to vent his spleen purchased for her use only the staid bread the baker had in his shop.—New York Tribune.

CHINA'S AWAKENING.

Universal Military Service to Be Introduced by New War Minister. A military awakening in China was foreshadowed in an interview given the other day at Berlin by the Chinese minister, Yin Tchang, who is about to relinquish his post in Berlin and return to Peking to assume the ministry of war.

"I intend to introduce universal military service in China," said the minister. "If we make all the available men join the military we have such an enormous population, some 400,000,000, that we shall overshadow all other armed nations. The details of the plan have not yet been worked out, but we propose to make our young men soldiers, not only through drill, but by education. They must learn what a shame it is for the most ancient and in population the greatest nation on the earth to be so weak. I shall have excellent assistants in the war office who have studied European military systems and who will be of the greatest help."

The Call of the Blood
for purification finds voice in pimples, boils, sallow complexion, a jaundiced look, moth patches and blotches on the skin—all signs of liver trouble. But Dr. King's New Life Pills make rich red blood; give clear skin, rosy cheeks, fine complexion, health. Try them. 25c. tts

He Had.
"Goodness, John," said a Washington (Kan.) woman to her husband, "your suit looks as if you had been sleeping in it!"
"Well," replied John, "why not? Isn't that the suit I wear to church?"—Kansas City Journal.

Worse than Bullets
Bullets have often caused less suffering to soldiers than the eczema L. W. Harriman, Burlington, Me., got in the army and suffered with forty years. "But Bucklen's Arnica Salve cured me when all else failed," he writes. Greatest healer for sores, ulcers, boils, burns, cuts, wounds, bruises and piles. 25c. tts

She Knew Him.
"If you refuse me it will kill me," he declared.
"How many lives have you?" she asked pitilessly, for she knew something of his previous "affairs" and naturally reasoned that this form of death was no novelty to him.

Saved from the Grave
"I had about given up hope, after nearly four years of suffering from a severe trouble," writes Mrs. M. L. Dix, of Clarksville, Tenn. "Often the pain in my chest would be almost unbearable and I could not do any work, but Dr. King's New Discovery has made me feel like a new person. Its best medicine made for the throat and lungs." Obsolete coughs, stubborn colds, hay fever, la grippe, asthma, croup, bronchitis and hemorrhages, hoarseness and whooping cough, yield quickly to this wonderful medicine. Try it. 50c and \$1. Trial bottles free. tts
